

## PRODUCT SPECIFICATIONS

|                       |   |
|-----------------------|---|
| Product Number:       | H1013   |
| Product Name:         | 2-(Hydroxymethyl)phenylboronic Acid<br>Cyclic monoester |
| Formula:              | $C_7H_7BO_2$  |
| Molecular Weight:     | 133.94  |
| C.A.S.:               | 5735-41-1   |
| Specifications:       |   |
| Assay (by Titration): | 97-103%   |
| FTIR:                 | To Match Standard                                       |
| Physical Properties:  |   |
| Appearance:           | Off white powder  |
